We don't expect you to wait for your money

We all know there are those times when payday can't come quickly enough, so to ensure there is no delay MyPay operates its payroll on a same day basis with all payments made via FasterPay.

When you are paid, MyPay will notify you by SMS, so without checking your bank you can rest assured that you have been paid. MyPay will also provide you with a payslip, so that you can see the breakdown of your payment.

Same day payments mean the day MyPay gets paid is the day that you get paid.

It's nice when you know you're safe

At MyPay we know the risks and worries that you face regarding IR35 and the recently introduced off-payroll working.

As with all legislation it's open to interpretation, so how do you know you're making the right choice and are not going to get caught out?

Well by choosing MyPay you simply cannot go wrong, regardless of your IR35 status you are guaranteed to be compliant.

You are also guaranteed to not be affected by the up-coming off-payroll rules. Meaning you can relax, knowing it's business as usual for you.

Speak to
someone
you know
and trust

MyUmbrella, a service to smile about

We all know the frustrations of phoning up and being passed from pillar to post, only to have to explain the exact same thing you explained to someone else five minutes earlier.

It is for this reason that with MyPay you will receive an Account Manager who

will look after you from start to finish. This way they will know exactly what is happening with you and your pay at any given time and you only ever need to speak to the person you already know.

Your Account Manager will be available to speak to from 09:00 to 18:00 Monday to Friday.

Quick and Easy Set-Up

**No
hassles,
from
start to
finish**

At MyPay it is our job to make your life easier and this starts from the moment you decide to join.

Your Account Manager will take your details over the phone, meaning there are no long forms for you to fill in.

Your Account Manager will then send you out a MyPay Welcome Pack via

email, which will include all the information you need on MyPay and your membership.

Your Account Manager will then contact your agency and arrange everything directly with them on your behalf.

They will then contact you once this has been completed, so you know everything is in place and there will be no delays in you receiving your money.
